

User Manual

In this manual is included a series of instructions that will help you use our application more efficiently. The manual is divided in three sections each one of them referring to one of the pages that integrates the app.

If you want to go to one of the sections directly you just need to click on one of the links listed down below on the index:

Index:

[+ Career Page](#)

[+ Subject Page](#)

[+ Teacher Page](#)

Career Page

[back to index](#)

In this page you will find the careers that are available in CBtis #86 listed in the order of the student groups from A to F, those are the groups that enter during the morning shift and by that logic the Teachers that you will find listed inside the app will be those that work during that time.

The page includes a series of 7 buttons that have the careers listed on them: Programing, Accountability, Edibles, Ofimatics, Mechanics and Mechatronics.

If you want to look for a Teacher based on the Career of the student you only need to click on the button that has the name of the corresponding careers on them

Subject Page

[back to index](#)

In this page you'll find listed the subjects that are given in every single one of the careers including those that are exclusive to each career (meaning the specialties).

Ayuda CBtis 86	
Desarrolla paginas web	➤
Desarrolla aplicaciones moviles	➤
Calculo diferencial	➤
Ecologia	➤
Fisica	➤
Ingles	➤

In this case the specialties are given priority by being listed on the top and then the other subjects are in the order of appearance in the agenda of the career. Taking in to account that some teachers share subjects, you'll find convenient that the only ones listed are the ones that work solely for the group of the career.

To use this page you just need to click on the subject that you desire to inquire, this will conduce you to the page that contains the basic information of the teacher that gives that subject.

Teachers Page

[back to index](#)

Finally if you followed the steps correctly this is the page that contains basic information on the teacher that you were looking for. It lists their name and their agenda for the morning shift.

CBtis 86	
	
Nombre del Profesor	
ECOLOGIA	9 4.B
ECOLOGIA	12 4.E
ECOLOGIA	23 4.G

Their agenda can be read in the following way

	S2	Classroom
GESTIONA INFORMACIÓN MEDIANTE EL USO DE SOFTWARE EN LÍNEA		Subject
4.G		Student Group
